To Whom It May Concern:

This letter confirms our knowledge that Kuldip Parmar, and team, will be hosting the Annual Electronic Charity Open on September 7th 2017 in support of the MS Society of Canada – BC and Yukon Division. In order to raise funds, they will be approaching businesses in the community asking for support of this event and ultimately for those affected by multiple sclerosis.

We are pleased with this group's continued efforts to raise funds and awareness for those affected by multiple sclerosis right here in our community, and we wish them well in this endeavor.

Canada is the country with the highest rate of MS in the world, with approximately 12,000 British Columbians and their families affected. Each day, in Canada, three more people are diagnosed. The MS Society provides services to people with MS and their families and funds research to find the cause, prevention, treatment and cure for the disease. Multiple sclerosis is a chronic, often disabling disease of the central nervous system. It is the most common neurological disease of young adults in Canada. Most people with MS are diagnosed between the ages of 15 and 40, and the unpredictable effects of MS last for the rest of their lives.

Should you require any further information, please do not hesitate to contact me directly at 604-602-3203 or via email at Taryn.Harrison@mssociety.ca.

Yours truly,

A handwritten signature in blue ink, appearing to read 'Taryn Harrison'. The signature is fluid and cursive.

Taryn Harrison
Leadership Giving Coordinator
Multiple Sclerosis Society of Canada, BC and Yukon Division

Our Mission: To be a leader in finding a cure for multiple sclerosis and enabling people affected by MS to enhance their quality of life.
